Section 1 - Introduction

This is the Technical Design Document for the project of a gamification for the Brera art gallery. Inside this document you can find the features, the diagrams and the logic of this game.

Section 2 - Features

- Player
 - Movement
 - Interactions
- Interaction System

- Interact with different paintings and clue notes
- Show in UI the minigame associated with a certain painting, the description of the clue notes and the dialogues of the NPC
- Play audio related to the action performed
- Unlock paintings' minigames by pick upping specific notes

Section 3 - Choice of Game Engine

The game engine that has been chosen is Unity.

This engine posses different interesting features like:

- An intuitive editor
- Data Management
- interesting plug-in's

The reason is to improve the team's skills in this specific engine but also due to a lack of additional skills. We had chosen the 2022.3.10 version because this is the standard version adopted by the company.

Section 4 - Input

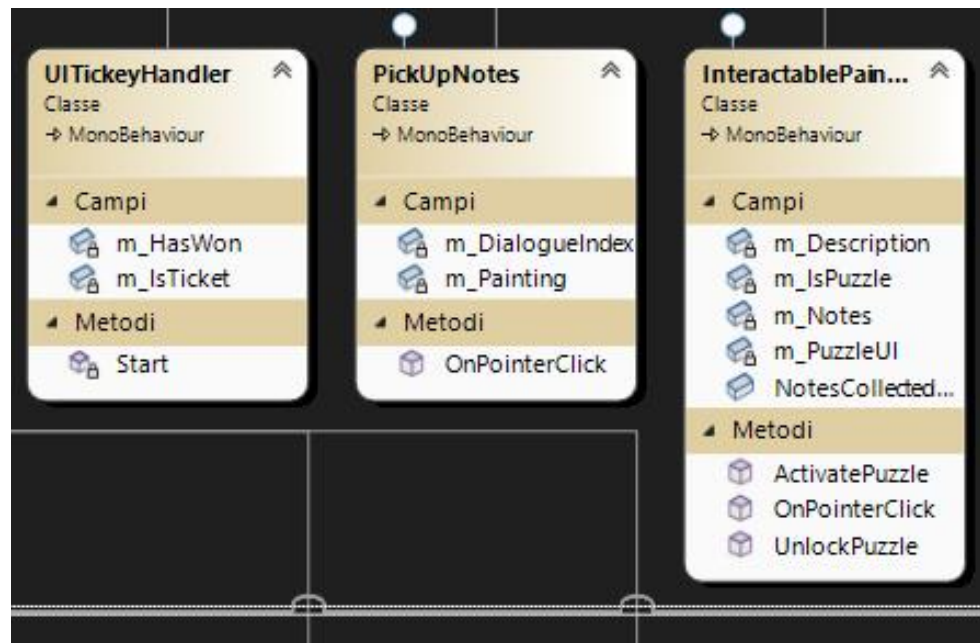

- Movement
 - The player moves on it's x and z axis by using a joypad in the ui canvas
- Camera
 - The player can rotate the camera by dragging the finger on the screen
 - The player can also zoom in and zoom out by pinching or spreading 2 fingers on the screen and consequently increasing or decreasing the FOV of the camera
- Interaction with environment
 - The player can click with the finger on every interactable object
- Menu
 - UI button associated with various functions: play the game, setting the language, return to main menu, open the map and so on

Section 5 - Diagrams

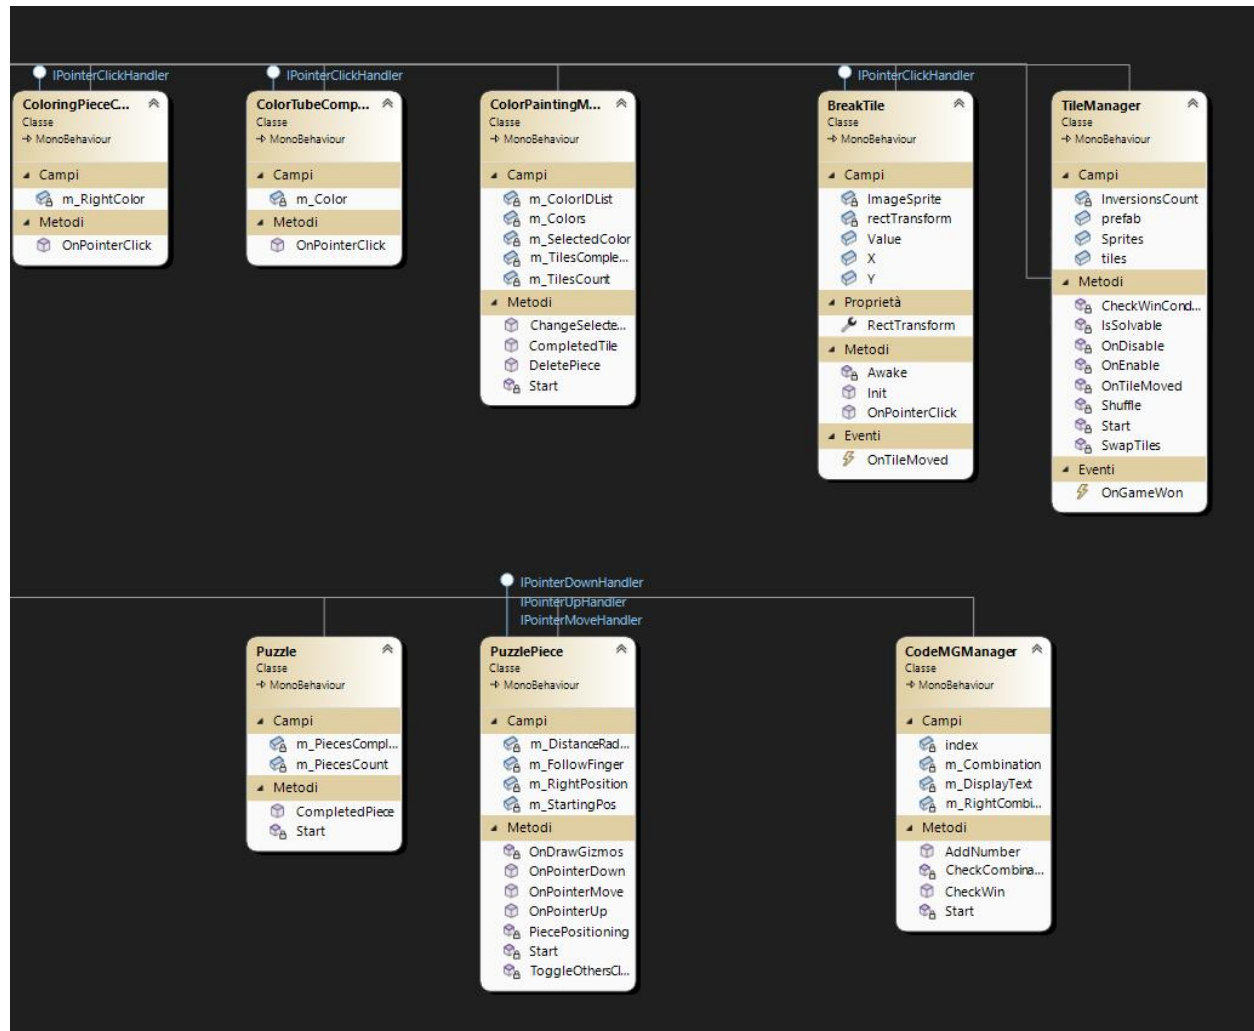

5.1 Managers diagram

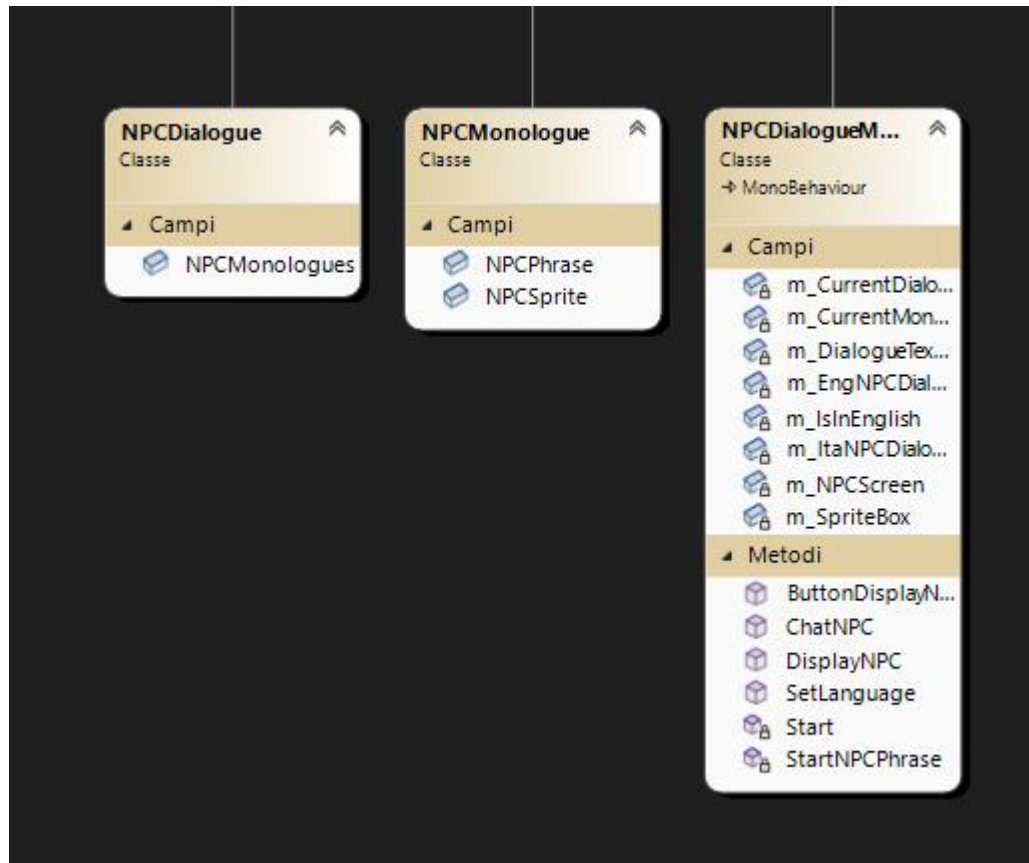

5.2 Environment Diagrams

5.3 Puzzles diagrams

5.4 NPC diagrams

Section 6 - Art Tools

6.1 2D Art

6.1.1 Photoshop

- Versions: CC 2023
- Field of using:
 - Texture
 - Walls
 - Interface
- About: Graphics Editing Program
- Reason of using:
 - Standard in the industry because its versatility in using by other tools
 - Supporting by the producter
 - Interesting plug-in's

6.1.2 Procreate

- Versions: 5.3.3
- Field of using:
 - Texturing
 - Coloring
- About: Graphics Editing Program
- Reason of using:
 - Always at hand
 - Easy to use

Section 7 - Team

7.1 - Game design:

- Sharon cavallari - sharon cavallari
- Valeria guerra - valeriaguerra

7.2 - Programmin:

- Jacopo alberti - Tasogare_No_Jack

7.3 - 2D Art:

- Elisa cernari - elisa-cernari
- Elisa galli - elisahah / elisa
- Marika schiavi - marika schiavi
- Mario sebastiano Pace - MarioSebastianoP
- Rebecca ferrè - RebFer
- Niccolò vaccaro - Nico-va
- Camilla tonali - CamillaTonali

7.4 - 3D Art:

- Marta sciuto - martaJonia
